#### **Reviewer**

- I agree and acknowledge that I have been requested to conduct a peer review of practice on the fellow named above for the purposes of continuing professional development.
- I agree and acknowledge that I will observe the participant's practice and will discuss my observations with the participant afterwards. In doing so, I am not supervising the procedures and not required to, and will not, intervene, or interfere in any way in treatment or practice unless requested to do so or in the interest of patient safety.
- I agree and acknowledge that I am responsible for my conduct.
- I understand that this is not an assessment of the participant's practice; the aim is to have a collegial discussion about various approaches to treatment with the aim of improving patient care. My observations and discussions regarding the participant's practice will remain confidential and the participant will be provided with the only copy of the observation form at the completion of this activity.
