

WA COUNTRY CONFERENCE 2024
KING EDWARD MEMORIAL HOSPITAL

Contemplation – Learning from experience in obstetrics

Pullman Resort, Bunker Bay
15-17 November 2024

Welcome from the convenors

Welcome to the Australian and New Zealand College of Anaesthetists (ANZCA) and Australian Society of Anaesthetists (ASA) WA ACE Country Conference for 2024.

WHAT CAN YOU EXPECT?

Join us at this year's ANZCA WA Country Conference, set against the breathtaking backdrop of the iconic Pullman Resort in Bunker Bay. Convened by King Edward Memorial Hospital's anaesthesia department, our aim is to curate a symposium that seamlessly blends thought-provoking education with enjoyable social engagements.

We commence our journey on Friday evening with a convivial gathering at the Other Side of the Moon Restaurant and Terrace at the Pullman Resort. The proceedings will commence with a formal Welcome to Country.

Saturday morning heralds the commencement of our program with two captivating presentations. The first from our esteemed keynote speaker Professor Victoria Eley, exploring the theme of pain during caesarean. This will be followed by the erudite discourse by Dr Matt Rucklidge who promises to regale us with intriguing anecdotes from the annals of our profession's history.

The subsequent three sessions will explore:

- Neurological problems in obstetric anaesthesia (M&M).
- Obstetric haemorrhage.
- Challenging cases (M&M).

In our two morbidity and mortality (M&M) sessions our speakers have been asked to share clinical cases involving challenges and triumphs, qualifying attendees at these sessions to score valuable ANZCA continuing professional development (CPD) points in the hard to fill "M&M" practice evaluation category.

On Saturday evening we invite you to join us for a delightful cocktail soiree at Wise Winery, providing a perfect setting for entertainment, networking and rekindling old friendships.

Sunday morning is a dedicated half-day workshop session which provides:

- Major haemorrhage.
- Can't intubate, can't oxygenate (CICO).
- Advanced life support (ALS) in obstetrics.

As the conference draws to a close at midday on Sunday, we bid you farewell, enriched with knowledge, camaraderie, and memories to cherish. We'd like to thank Ms Melanie Roberts, Mrs Ineke Krom and Mr Warren O'Harae for their tireless efforts in the lead up to and during the weekend to ensure its success.

Dr Shilpa Desai and Dr Roger Browning
2024 WA Country Conference Convenors

Program

SATURDAY 16 NOVEMBER 2024

7.45am	Registration and coffee by 1905 – Marquee	
8.30am	Conference opening remarks	<i>Dr Roger Browning</i>
