

Opportunities in Central Queensland

Short and long-term opportunities for experienced anaesthetists available in Rockhampton and Gladstone.

Central Queensland Health cares for a growing population of around 250,000 people and employs a team of more than 4,000.

Rockhampton Hospital is the main referral hospital for Central Queensland with 305 beds, four operating theatres supported by an eight bed ICU and two procedure rooms. Other primary hospitals and smaller rural units within Central Queensland transfer patients through to Rockhampton Hospital for specialist care.

Just over an hour drive from Rockhampton is Gladstone Hospital; a 70-bed facility that offers general and specialist inpatient and outpatient services delivered by a team of over 280 people.

Our Department of Anaesthesia provides services for:

- obstetrics
- orthopaedics
- preadmission clinic
- gastroenterology
- sedation for other medical procedures.
- gynaecology
- general surgery
- ENT
- acute pain rounds
- cardiology
- urology
- ophthalmology
- dental

About the opportunity

Roster includes a mix of day shifts (07:30–18:00) and on-call (18:00 to 07:30).

Those interested have the opportunity to join us via payroll or under a locum contract:

- competitive daily rates
- flights (to and from Rockhampton and Gladstone)
- accommodation
- allowance to offset car hire or personal travel.
