

Specialist Anaesthetist

Central Victorian Anaesthetic Service
Bendigo, Victoria, Australia

Opportunity available to join an established Private Practice Partnership in Bendigo, Victoria.

Central Victorian Anaesthetic Service is an 8-person Anaesthetic Partnership.

Our well-established practice is based in Bendigo and provides anaesthesia services to two Public and two Private Hospitals in Central Victoria. We have excellent, long standing surgical lists in private practice and excellent VMO contracts in place at Bendigo Health and Castlemaine Health. Our practice is 80% private and 20% public practice.

We are seeking a qualified FANZCA with well-rounded training and Medicare Specialist recognition who has a desire to establish a career in private practice anaesthesia in a large regional centre. We are primarily looking to recruit an Anaesthetist interested in full time clinical anaesthesia.

Our Private Practice Partnership offers the security of immediate and constant work across a full variety of surgical specialities (except neuro and cardiac anaesthesia) in public and private. The workload of the group is equally shared by the Partners with flexibility for good work/life balance and generous annual leave.

The ideal candidate is someone who desires to live and work in Regional Victoria and wants to make a long-term commitment to settle in Bendigo. The offer to join our Practice as a Partner comes after a period as an employed Associate Anaesthetist with our group. The Associate position offers generous terms and conditions with secure stable income.

Bendigo is a thriving regional city with a population of 110,000. It has a rich goldfields history with excellent cultural, educational, sporting and artistic facilities. Central Victoria is home to great food and wine and only 1 hour 45 minutes from the Melbourne CBD.
