Healthcare industry prospectus - Seeking expressions of interest

It is our pleasure to open up expressions of interest for the healthcare industry to join us for the [13th Australasian Symposium of the Perioperative Medicine SIG](#) in collaboration with Summit III and the Perioperative Quality Initiative (POQI), from 22-24 November 2024 at the Sofitel Melbourne. The theme of the meeting is "Improve the quality, enhance the value, protect the future". We're excited to invite the healthcare industry to exhibit at the Perioperative Medicine SIG meeting for the first time, and we look forward to receiving applications from companies who feel they align well with this meeting.

This meeting is held in partnership with Summit III and preceded by a meeting of the POQI. On day one and three, we address how perioperative medicine adds quality and enhances the value of perioperative care in our collaborative plenary sessions with Summit III and POQI. We also cast an eye towards a future more sustainable perioperative care model to safeguard our strained healthcare system. On day two, we offer a full day of concurrent sessions with content to suit everyone. These include comprehensive perioperative medicine updates, Summit III sessions and a stream dedicated to in-depth perioperative medicine topics.

We encourage you to express your interest in exhibiting at this meeting and if accepted, we look forward to seeing you in Melbourne at our collaborative meeting between Summit III and the Perioperative Medicine Special Interest Group, with substantial global representation via the economic and value initiative of POQI.
