

Request for Interruption to SIMG CPA Period

SIMGs may apply for a period of interrupted CPA, which pauses their individual program. The total duration of interruption can be up to 12 calendar months, which can be accrued continuously or cumulatively. This will extend the expiry date of the individual program. Once the approved period of interruption has been completed, their Individual Program will automatically recommence. SIMGs must actively participate in the ANZCA and FPM CPD program during periods of interruption. SIMGs may complete an EMAC course and sit the examination (subject to usual eligibility criteria) during periods of interruption. During this time, they remain a registered SIMG but cannot accrue CPA time or undertake a PA. If an SIMG is out of anaesthesia/pain medicine practice for 12 months or more, they may be required to undertake a return to practice program as detailed in section 21 of the [SIMG Handbook](#). If an SIMG requires further time to complete the process they may need to apply for an extension of time as per section 13 of the [SIMG Handbook](#).
