

Airway leads network nomination form

Role of airway leads

Airway leads may look towards some or all of the following to fulfill their position:

- Overseeing and assisting local airway training.
- Ensuring local policies for predictable airway emergencies exist and are available.
- Ensuring appropriate difficult airway equipment is readily available.
- Liaising with the intensive care unit and emergency department.
- Actively engaging in airway device procurement.
- Ensuring consistency of airway assessment and planning.
- Overseeing audit of all aspects of airway management.

Note that the role of the airway lead is not a formal requirement in the ANZCA accreditation process or part of the curriculum.

Disclaimer:

The Airway Management Special Interest Group (SIG) has been formed by the College, along with the Australian Society of Anaesthetists and the New Zealand Society of Anaesthetists, to promote the exchange of ideas between anaesthetists with a particular interest and involvement in airway management. The SIG has established the Airway Leads Network to assist each other/enhance knowledge sharing and improve airway management in anaesthesia.

Contact details, such as email and phone numbers, may be shared with members of the Airway Management SIG Executive to (a) facilitate activities and (b) communications of the Airway Leads Network. All information will be collected in accordance to the College Privacy Policy, and only be used for the purpose for which it is collected as stated above (a, b). Please refer to the College's [Privacy Policy](#) for more details.

Please check this box if you do not wish for your contact details to be shared with members of the Airway Management SIG Executive.
